NO EXPENSE or trouble has been spared in making these books of valuable help to the farmer. The building plans, the up-to-date bills of material and instructions for the construction of barns, pigs and poultry, and other farm subjects contained in the booklets have been prepared by the College of Agriculture of the University of British Columbia. The cost of the booklets will be repaid by the information concerning the proper way to use and the means of figuring cost of material before building are supplied by the Farmers' Bureau. The booklets will be sold at a nominal price to help farmers to use material grown and manufactured in Canada. By showing the price, farmers know how to buy well and cheap. Good service and satisfaction for the consumer will increase the market for British Columbia products and help to bring about the general prosperity of British Columbia mainly depends. It is sound business for everyone to help build up the West by buying home products.

For further information apply to the Bow Island Branch Office, Victoria, B.C. Complete reference sets will also be supplied to lumber dealers on request.

### We Understand That

Joe Richter is having an auction sale at his farm, north-west 33-8-11, on Saturday, Dec. 13. D. M. Garrison is the auctioneer.

A Board of Trade meeting will be held on Tuesday evening next. Keep this in mind. A big turn-out of the business men of the town is especially requested.

This office is prepared to send a copy of the Review to any soldier from this district upon being furnished with name and address. No fee will be charged for this service.

J. Greig and P. Kilgord are selling by public auction in Bow Island on Tuesday, Dec. 13, some live stock and a quantity of household furniture. D. M. Garrison is the auctioneer.

After the Methodist supper on Friday of last week, some one went in during the course of the night and removed a large quantity of the provisions that were left over. So far as we know no clue has been obtained, beyond the fact that several of the young bachelors around town complained of falling "all in" the next day.

The nomination of candidates for the Town Council takes place on Monday next. One Mayor and three Councillors. We do not suppose that a contest will ensue. It is the common feeling, we believe, around town that Mr. E. R. Robertson fills the position very satisfactorily, and to show their appreciation of his services the ratepayers will in all probability return him unopposed.

The Thanksgiving supper given on Friday evening of last week, in the I.O.O.F. hall, by the ladies of the Methodist Church deserved more than the usual complimentary notice. It was nicely arranged, and the viands were delicious. The programme that followed the supper was interesting and most enjoyable.

K. M. Holcroft says he is the "survival of the fittest." Whilst our riding on Saturday last near the river his horse reared and fell back, pinning its rider to the ground. It then rolled back and forth a few times, until, as Kingsley relates, he did not think there would have been anything of him left, naturally excepting constitution, however armed with an optimistic temperament, enabled him to escape with nothing more serious than some severe bruises. K. M. thinks the horse will have to get along after this without oats.

On Saturday evening last a very enjoyable evening was spent by a number of the congregation of All Saints at the residence of R. A. S. MacLaren. The most important features of the evening were the discussion of the purchase of a font for the church, and a presentation to Rev. Mr. Gammon. It was decided to raise the funds for the font by subscription, and enter the font as a memorial to Major Hugh Speke. The presentation of a handsome pipe, together with an address, to Mr. Gammon followed. The remainder of the evening was given up to cards, music, etc.

### Town Council.

Regular meeting of the Town Council was held in the Council Chambers on Thursday, the 26th day of November.

Members present—Mayor Robertson, Councillors, Rich, Brown, Swemmen, Smith and Cotton.

Secretary-Treasurer Bateman and Solicitor Lyons.

Minutes of the last regular meeting were read and approved.

The following accounts were read—Bank of B.N.A., interest on D.P. 40.22

Gas Phone ..... 1.05

Bow Island Review, printing ..... 13.25

The amounts as presented were referred to the Finance Committee and ordered paid.

Letter received from the Registrar, Land Titles Office, Calgary, relative to the matter of registering redemption certificate received from the Rural Municipality No. 90 on Hopkins' property, was read and same handed to the Solicitor for attention.

Letter from the Bow Island Investment Co., of Herkert, Sask., asking if the Council would consider a compromise in the matter of 1915 taxes on Sub-division 7253 AQ.

Solicitor advised that the matter could not be dealt with until the taxes became avarces.

Letter received from the Secretary of the Central Provincial Committee, in conjunction with Military Hospitals Commission, relative to the forming of an aggressive Local Committee, whose duty it would be to meet the returned soldiers upon their arrival and to use their every effort to place them in suitable employment and establish the Civil Service. Letter. It was agreeable to the Council that the Mayor approach such committee.

The Mayor then appointed the following committee—

Mayor Robertson (Chairman) F. W. Brown, A. Swemmen, R. H. Beattie, A. W. Bateman (Secretary), R. A. Parker.

The Solicitor reported that the taxes were not in arrears on the property on which the Town Gas Well is situated.

Application from G. C. Beedle for a renewal on two dog licenses, as the license year was near the end, was agreed to, and a rebate of \$1.50 on each license was granted.

The Council then adjourned.

Mr. and Mrs. Caswell, north of town, received a wire on Friday last informing them that their son Fred had been killed whilst serving with the Canadian contingent in France. Fred was well known here and very popular with all his friends. He enlisted at Taber, sometime about last October, and was commanding a short time at Calgary was drafted to the front. The news of his death was received here with very much regret. His mother's sympathy is felt for his parents. Another son of Mr. and Mrs. Caswell enlisted here about two or three months ago.

The annual meeting of the raters was held in the I.O.O.F. hall on Monday evening last, when the members of the Town Council submitted their respective reports, together with the financial statement.

The report was presented by the exception of Councillor Cotter, who had a temporary lapse of memory and failed to make his appearance. Nevertheless, the meeting was a satisfactory one.

Ernest Beggs, having taken the precaution of prohibiting ratepayers from bringing in their usual accompaniment of 22, and holding the meeting open without any more exciting incident than was addressed by Councillor Reid.

The great sensation of the week was the announcement that the Dominion Government had condemned over one million bushels of wheat. Various suggestions have been made as to this action. The fact, how-

## Ratepayers,

IT IS RIGHT that you should devote a little attention to municipal politics. It is also right that you should devote a little time to study conditions as they actually prevail in Bow Island. Study everything—particularly the Store. This store, as you well know, has always catered to the best interests of its customers. It has studied the pocket always, and consequently, where have you found better goods, or where have you been offered goods of the same quality at such low prices.

We extend again the invitation to visit our store, glances over our varied stock—especially our groceries—and frankly acknowledge that we "kind of surprised you."

over, that there was a serious congestion in the transportation of grain led many to believe that drastic measures would have to be taken if the western farmer was to be assisted in shipping his grain.

The action of the government will mean that the wheat market has suffered in the British Isles over that grown in the States. What this means is already indicated in the stiffening of the price, which, locally is now quoted about 90c.

**T**HREE more meetings of Presidents and First Ladies have been the talk of the White House. This time the president has been the bridegroom. It will be the third wedding in the White House since he was inaugurated in 1913. The first was Miss Jessie Woodrow Wilson, daughter of the first Mrs. Wilson, Anna Brown Wilson, which occurred in 1913, prior to the first inauguration of President Wilson, the first wife of the present. The following year Miss Eleanor Randolph Roosevelt married Mr. Franklin D. Gilman McAdoo, secretary of the treasury. And now the president himself is to be married.

And when the wedding is over one of the most brilliant social seasons in the history of Washington will be expected by the smart set of Washington. Already preparations are being made for a series of state receptions and dinners, which will be held in the

marriages that have occurred in the White House. Following is a list:

1—Miss Jessie Woodrow Wilson, nephew of George Washington and Mrs. Todd of the Supreme Court, 1913.

2—Anna Todd, niece of Mrs. Monroe, to President Wilson, 1913. 3—Mrs. Wilson, great uncle of Stowval Jackson, Maria Hester Monroe, youngest daughter of President Monroe, to Samuel Lawrence Wilson, son of President Wilson's private secretary, 1924.

Mary Heilen, niece of Mrs. Adams, to John Quincy Adams, son of the secretary of John Quincy Adams, 1925.

Della Lewis, daughter of William D. Lewis, to President Wilson's personal friend, to Alphonse Joseph Ever Pagan, secretary of the French legation, and afterward minister from France, 1926.

It is interesting at this time to note

the marriages that have occurred in

the White House. Following is a list:

4—Emily Martin to Louis Baldwin, a

Elizabeth Tyler, daughter of Presi-

dent Tyler, to William Waller of Wil-

liamson, 1927. 5—Mrs. Wilson, to

Nellie Grant, daughter of President

Grant, to Algernon Sartoris, an Eng-

lander, 1928. 6—Emily Platt, niece of President Hayes,

to Charles E. Smith, 1929.

Frances Polson, daughter of a for-

mer law partner of President Grover

Cleveland, to President Wilson's son,

Alice Roosevelt, daughter of President

Roosevelt, to Representative Nicholas

Galt Social Favorite.

Mrs. Galt was present at the first an-

tony party given by Mr. Wilson and

his daughter, Miss Margaret

Wilson, in more than a year. It was

given in the neighborhood of the sum-

mer White House at Corinsh, N. H.

Before Christmas is one of the New

England social events, and the

president and his family will be there.

Indeed, it was intimated broadly

that the president would resent any

attempt to interfere with his personal affairs.

It was noted on their automobile ride to the inn that she had abandoned his practices of riding beside the driver. She rode in the White House auto and that he preferred to drive his own car with his daughter and her aunt. The president's friends say she is a quiet person, a pleasure to be with.

It is said, from reading paper, Mrs. Galt, finding that their literary tastes were similar, had given her a copy of "Romance in the Country."

Harley Preasy and Lyle Connor are out again. Goss, Jack and Jack Ferries have both purchased paddocks for their chicken coops. Jack says they also have an awful appetite for turkey. Never mind, Jack. Hoster's cook car is not running now.

R. S. Beattie was a Bowden visitor—one might say an impudent—last week. He's the half-bill.

Mr. and Mrs. C. H. Herrington and family, with Miss Stokley, spent Sunday evening at the Connor home. The gasoline tank on H. Jenkins' Ford car blew up last Wednesday, burning him and Mrs. Jenkins quite badly. It almost nearly burst the machine up. Oh, Harry, don't take chances with that "read house."

Mr. J. Forsey now takes a horse and buggy behind his "Tin Lizzie," when he has wifey with him. He says it's for safety's sake.

C. Henselius is very sick with the measles.

Mr. D. M. Garrison sprained his ankle on Sunday whilst he and I. N. Ambie, Mike Herrington and John Ley were playing "Pump, pump pull-away."

### DISTRICT NEWS

#### BORDEN.

Mr. Harley Preasy of Chinook, Mont., is the honorable guest of Lyle Connor. Buck says he doesn't understand the Ford car.

The dance at Haycroft two weeks ago was a grand success, and Mr. Roberts informs us that in another month time he proposes to start giving dances every two weeks.

Mr. L. Garrison and Miss Lillian Harding attended the Haycroft dance, also Mr. Gordon Evans and his parents.

Mr. L. N. Ambie and Mr. Edward Warrey, who left for Spokane recently, have located there. Mrs. Ambie and her two daughters, Mrs. Warrey and Miss Violet, followed Friday night. Richard Herrington is also returning to Spokane after a visit with his parents.

Everybody was at the Sampson Schoolhouse dance Friday night. Mr. Harley Preasy and Mr. Lyle Connor and the Misses Violet and Lillian Harding attended from this part.

Gordon Evans spent all the latter part of last week in bed from an accident, but finding only he is so sorry he had to miss the Sampson dance. The accident happened some place south. F. Harding is looked upon very suspiciously. But no one can blame him. How would you like to have a coffee mill come grinding around every night and wake you up—wanting a job or looking for lost stock. Frank says he could stand it no longer. And so Gordon lost his job hunting cattle next summer.

Why is it A. Flamm gets his mail at one window in the Bow Island post-office and the rest have to go to the other? If you want to find August go to the post-office. T. B. Bands says if it happens that is not there, call at his home and you'll sure find him. And T. B. didn't snuff either. Bob Howard is still hauling wheat.

Mrs. Richardson is spending a month with her sister, Mrs. T. B. Bands, before returning to her home in Saskatchewan.
